Lehigh Acres FL 33936

Reference: Fire Safety Inspection – July 30, 2019

Dear Dr. Torregrasso,

I have received your email request for further clarification of the reinspection conducted on July 30, 2019. This inspection was a reinspection to address the Uniform Fire Code deficiencies from the letter dated June 25, 2019. At the conclusion of the reinspection on July 30th, Building 100 or Faith Hall only had one deficiency. This building can be occupied by students and staff.

Any other buildings on the campus still maintain deficiencies that are classified as serious Life Safety Hazards, as indicated by FAC 69A-58. I would refer you to either inspection report for further information.

Should you have any questions or comments, please advise at your earliest convenience.

Sincerely,

A handwritten signature in black ink that reads "Ken Bennett".

Ken Bennett
Fire Marshal
